***What's Happening Report***  
***2nd Quarter – 2020***

Greetings once again contributors and ministry friends!

It's been a while in coming, but I have some good things to report. With the present national and global problems out there, our Nursing Home and Drug Court ministry efforts have been put on hold. I have, however, managed to get the Christian Appeals booklet to one nursing home and two other places in town. The Appeals are, and can be, a ministry in itself by just dropping them off where people have time to read.

Yet the main effort I want to report is that some changes and resourceful additions have been made on our ministry website -- [www.doingfortheleast.com](http://www.doingfortheleast.com). With the work of my nephew, Bob Driver, three new sections with links have been added to the website. You can find the new sections across the top, and they are titled as follows:

**RESOURCES & LINKS** This section is full of useful information, as it has links to other ministry websites, bible study materials, and other educational material.

**COVID-19 ARTICLES** This section has links to each of the articles I have emailed out during the Pandemic.

**CHRISTIAN DVD's & VIDEOS** This section is a listing of audio and video recordings that are a part of my personal library that I and this ministry are making available for anyone in need of Bible education and edification. These may be borrowed for those who are local, or they may be purchased by going to the websites available. The videos and CD's include "The Gospel of Matthew", "The Gospel of John", plus a DVD on "Coping with Problems." Plus, there are extra Biblical videos such as "The Truth About Drugs" and a variety of DVD's from The World Video Bible School. These approach many social topics that combat the efforts of Christianity like atheism and evolution. Finally, there is a section on Cults and those with religious error.

Along with the above-mentioned material, there are Faith and Foundational articles and private studies that already appear on the website. These may be printed out for anyone for your journey of faith.

The Lord has given me much, and now I want to share with anyone the bounty I have been given. Another area that I am working on is sending out various articles from my own stock and from articles from Scott Gage of Arkansas. Many of these articles are an encouragement to endure in the present situation in which we have been living. I encourage anyone to send me your email, and I will put you on the email distribution list. Both of these sources of articles are designed to encourage the faith and give us hope.

With these articles and study materials, I am always ready to answer any social or Biblical question you might have. I'm here and ready! So, call or email me at the contact information above, and let's get going.

Again, I thank each of our contributors for holding on with us through this Pandemic. It's hard to keep busy, but changes are coming, and I appreciate your commitment to this ministry.
